

BookTalent – Final Consolidated Requirements

A. BookTalent ka Updated Business Model

BookTalent mein ab **2 types ke artists** honge:

1. Normal Artist

- Normal BookTalent platform model.
- Customer booking karega.
- **5% Platform Fee applicable** hogi.
- Artist aur customer ke interaction rules normal platform policy ke according honge.

2. BookTalent Service / Percentage Deal Artist

Jin artists ke saath BookTalent ka percentage-based agreement hai:

Example:

Artist Booking Value: ₹1,00,000

BookTalent Percentage: 10%

BookTalent Share: ₹10,000

Artist Share: ₹90,000

In artists ko BookTalent ki **managed service** maana jayega.

Customer ko artist ka direct personal contact information nahi diya jayega.

Customer ke liye:

5% Platform Fee → **Waived**

Checkout par clearly dikhna chahiye:

Platform Fee: ₹5,000

Platform Fee Waiver: -₹5,000

Platform Fee Payable: ₹0

Ya:

☐ **Your 5% Platform Fee has been waived for this artist.**

Customer ko ye clearly samajhna chahiye ki **artist-specific waiver** mila hai.

B. Artist Onboarding + KYC

Artist jab khud BookTalent par onboard karega:

Registration → Details → KYC Documents → Admin Review

KYC documents mandatory honge.

Example:

- PAN
- Aadhaar/ID
- Address Proof
- Bank Details
- Profile/Photo
- Required business documents
- Tech Rider, where applicable
- Other required documents

KYC Pending

Jab tak KYC approve nahi hoti:

- Artist dashboard access nahi karega.
- Artist main website par LIVE nahi hoga.
- Artist customer ko visible nahi hoga.
- Artist booking ke liye available nahi hoga.

C. KYC Approval + Percentage Deal

Admin/Subadmin KYC review ke time hi artist ka commercial model set karega:

Artist Type

- Normal Artist
- BookTalent Service Artist

Agar Service Artist hai:

BookTalent Percentage: XX%

Ye percentage artist ke account/profile ke saath save hoga.

Important: Booking ke time percentage manually enter nahi karna hoga. System artist profile se automatically percentage uthayega.

D. KYC Approved Hone Ke Baad

Admin KYC approve karega.

Immediately:

Artist ko Email

-

Artist ko WhatsApp

notification jayega.

Message mein bataya jayega ki KYC approved hai aur dashboard par T&C complete karna hai.

Ab artist dashboard access kar sakta hai.

Dashboard par mandatory popup:

Terms & Conditions Acceptance Required

Artist:

☐ **I Accept Terms & Conditions**

check karega.

E. Agreement Generation

T&C accept karte hi:

1. Agreement automatically generate hoga.
2. Artist ke agreed percentage/deal details agreement mein hongy.
3. Agreement artist ke email par jayega.
4. Artist dashboard mein agreement save hoga.
5. Artist dashboard se **Download Agreement** kar sakega.
6. Agreement acceptance ka timestamp save hoga.

Uske baad artist:

LIVE

hoga.

F. Artist Profile

1. Profession Bigger

Artist profile open karne par:

Artist Profession / Category

ko prominently/bigger display karna hai.

2. Extra Scrolling Remove

Website mein unnecessary scrolling reduce karni hai.

Desktop aur mobile dono mein:

- Content compact
- Proper spacing
- Better section hierarchy
- Important information immediately visible

honi chahiye.

3. Tech Rider

Artist platform/dashboard mein:

Tech Rider

upload karne ka option hona chahiye.

Artist/admin required Tech Rider upload/update kar sake.

Customer-facing visibility business rules ke according control ki ja sake.

4. Artist Profile Content Order

Artist Introduction / About

Media / Showcase

Other Sections

Other Details

Menu/navigation available rahega, lekin page ka default scroll order user-friendly hona chahiye.

G. Customer ↔ Artist Chat

Chat option for clients to chat with artists before booking.

Lekin aapke naye Service Artist model ke saath iska implementation important hai.

Service Artist ke case mein:

Customer ko lagega ki wo artist se communicate kar raha hai, **lekin actual conversation BookTalent Manager handle karega on behalf of the artist.**

Flow:

Customer → BookTalent Manager → Artist

Customer ko artist ka direct number/email nahi milega.

Manager artist ki taraf se response de sakta hai.

Chat mein:

- Customer message
- Manager response
- Artist-related questions
- Requirements
- Event details
- Availability
- Commercial discussion
- Booking discussion

track honi chahiye.

Chat history booking/lead ke saath linked honi chahiye.

H. Customer & Artist Help/Support

Customer aur Artist dono ke liye:

Help / Support / Chat

available hona chahiye.

Customer:

Need Help? Chat with BookTalent

Artist:

Need Help? Contact BookTalent Support

Iske through:

- Technical issue
- Booking issue
- Payment issue
- Profile issue
- KYC issue
- Agreement issue
- Cancellation
- Other queries

handle ki ja sakti hain.

I. Customer Booking Form – Improvements

Event Type

Dropdown:

- Corporate Event
- Wedding
- Private Party
- College Event
- Concert
- Conference
- Product Launch
- Award Function
- Festival
- Other

Other select karne par:

Please specify your event type

text box open ho.

J. Number of Days

Booking form mein:

No. of Days

field hona chahiye.

Example:

No. of Days: 2

Aur:

Type of Function

clear visible hona chahiye.

Agar multi-day event hai to system:

Event Duration: 2 Days

show kare.

Artist availability/schedule mein bhi ye duration consider hona chahiye.

K. Venue + Address

Booking form mein:

Venue Name *

Full Address *

dono separate fields honge.

Example:

Venue: The Lalit Hotel

Address: Mumbai, Maharashtra, Full Address...

Isse artist/manager ko event location properly milegi.

L. Mandatory Fields

Booking form mein **har compulsory field ke saath *** hona chahiye.

Example:

- Customer Name *
- Mobile *
- Email *
- Event Type *
- No. of Days *
- Event Date *
- Venue *
- Address *
- City *
- Number of Guests *
- Other required details *

Aur submit/continue tab tak allow nahi hona chahiye jab tak mandatory fields complete nahi hain.

Terms/confirmation checkboxes bhi mandatory hon to:

☐ I agree to the Terms & Conditions *

M. Booking Price Transparency

Platform fee seems to be included in artist fee.

Isko completely transparent banana hai.

Checkout par:

Artist Fee

₹1,00,000

Platform Fee

₹5,000

Platform Fee Waiver

-₹5,000

GST

₹18,000

Total

₹1,18,000

Isse customer ko clearly samajh aayega ki:

Artist Fee $\neq$ Platform Fee

Aur Service Artist ke case mein:

Platform Fee ₹5,000
Waiver -₹5,000
Payable ₹0

show hoga.

N. Pending Request – Artist Profile

Artist profile/dashboard mein:

Pending Requests

visible hone chahiye.

Example:

☐ 3 Pending Booking Requests

Artist click kare:

- Customer/Booking Request
- Event Date
- Event Type
- Venue
- Number of Days
- Requirements
- Amount
- Response deadline
- Accept
- Reject
- Request clarification

O. Customer Payment System

Ab payment BookTalent ke paas aayega.

Especially **BookTalent Service/Percentage Artists** ke case mein:

Customer → BookTalent

Artist ko customer directly payment nahi karega.

BookTalent payment receive karega.

P. Customer Payment Schedule – Recommended

Aapka objective:

Event se pehle 90% payment BookTalent ke paas aa jaye.

Main recommended schedule:

Booking Confirmation

30%

Event se 7 days pehle

40%

Event se 2 days pehle

20%

Event ke next day

10%

Total:

100%

Result:

Event se pehle = 90%

Event ke baad = 10%

Q. Payment Schedule Configurable Hona Chahiye

30/40/20/10 ko hard-code nahi karna hai.

Admin panel mein:

Payment Schedule Settings

Admin future mein change kar sake:

- 30/40/20/10
- 50/40/10
- 25/50/15/10
- etc.

Artist type/booking type ke according different schedule bhi future mein rakha ja sakta hai.

R. Instant Book

Instant Book ke liye special rule:

Event > 7 days away

Normal payment schedule.

Event $\leq$ 7 days

Minimum **90% payment before event** ensure karna.

Event $\leq$ 48 hours

Recommended:

100% payment before booking confirmation

Same-Day Booking

100% payment + manager/artist availability confirmation.

Ye last-minute payment risk reduce karega.

S. BookTalent Percentage Calculation

Example:

Artist Fee:

₹1,00,000

BookTalent Deal:

10%

BookTalent:

₹10,000

Artist:

₹90,000

Agar customer advance:

₹30,000

to BookTalent ka ₹10,000 commission **pehle advance se adjust** ho sakta hai.

Artist Advance:

₹20,000

Remaining:

₹70,000

Commission dobara deduct nahi hoga.

T. Artist Payout – Easebuzz

Easebuzz Payout API ke through artist ko payout kiya jayega.

Artist dashboard mein:

Earnings

- Total Artist Earnings
- Pending
- Available for Withdrawal
- Withdrawn
- Upcoming Payout

Artist eligible balance ke liye:

Withdraw

button use karega.

Payout statuses:

Initiated → Processing → Successful / Failed

Bank details/KYC approval ke baad hi payout eligibility activate hogi.

U. Manager-Based Business Model

Ye BookTalent ke naye model ka **core operational module** hoga.

Admin/Subadmin decide karega:

Which Manager will handle this customer/booking?

Example:

Customer: ABC Pvt Ltd

Artist: XYZ

Manager: Rahul

Manager ko apne dashboard par complete responsibility milegi.

V. Manager Dashboard

Manager ke dashboard mein:

Leads

- New
- Contacted
- Requirement Received
- Artist Suggested
- Quotation Sent
- Negotiation
- Booking Pending
- Booking Confirmed
- Payment Pending
- Event Upcoming
- Event Completed
- Closed

W. Customer Manually Add Karna

Agar customer website se nahi aaya aur:

- Phone
- WhatsApp
- Email
- Reference
- Offline enquiry

se aaya hai to Manager/Admin:

Add Customer

kar sake.

Customer details:

- Name
- Company
- Phone
- Email
- City
- Event Type
- Event Date
- No. of Days
- Venue
- Address
- Budget

- Requirement
- Lead Source
- Assigned Manager
- Notes

X. Manager Customer ke Behalf par Booking Kar Sake

Ye bhi hona chahiye.

Example:

Customer manager ko call karta hai:

"Mujhe XYZ Artist book karna hai."

Manager:

Customer → Create Booking

kare.

Artist select kare.

System automatically:

- Artist Type
- Percentage
- Platform Fee
- Platform Fee Waiver
- GST
- Booking Amount
- Payment Schedule
- Commission
- Artist Payable

calculate kare.

Manager ko manually calculations nahi karni chahiye.

Y. Customer Payment Tracking

Admin/Manager ko complete payment timeline mile.

Example:

Payment	Amount	Due	Status
Advance	₹30,000	Booking	Paid
2nd Payment	₹40,000	D-7	Paid
3rd Payment	₹20,000	D-2	Pending
Final	₹10,000	D+1	Pending

Dashboard par:

Total: ₹1,00,000

Received: ₹70,000

Remaining: ₹30,000

Z. Customer Payment Duration

System ko ye bhi record karna hai:

Due Date vs Actual Payment Date

Example:

Payment Due:

10 Sept

Actual Payment:

12 Sept

System:

2 Days Delayed

Ye customer payment history ka part hona chahiye.

Future mein customer profile par:

Payment Behaviour

bhi dekha ja sakta hai.

AA. Automated Email + WhatsApp

Aapne bola:

Jo bhi activity ho rahi hai uska mail and WhatsApp Artist aur Customer ko jate rahna chahiye.

Isliye proper **Notification Engine** banana chahiye.

Customer

- Booking request
- Booking confirmation
- Payment received
- Payment due
- Payment reminder
- Payment successful
- Booking modification
- Event reminder
- Event completed
- Remaining payment
- Invoice
- Cancellation/refund
- Manager communication

Artist

- KYC submitted
- KYC approved/rejected
- T&C pending
- Agreement generated
- Booking request
- Booking confirmation
- Payment received
- Payout initiated
- Payout successful/failed
- Event reminder
- Cancellation/change

Manager/Admin

- New lead

- New booking
 - Payment received
 - Payment overdue
 - Artist payout pending
 - Event approaching
 - KYC pending
 - Agreement pending
-

AB ADMIN PANEL KA CORE STRUCTURE

Main BookTalent ke liye admin panel ko roughly is tarah structure karunga:

Dashboard

- Total Leads
- Active Bookings
- Upcoming Events
- Revenue
- Customer Payments Received
- Customer Payments Pending
- Artist Payout Pending
- KYC Pending
- Agreements Pending
- Overdue Payments
- At-Risk Bookings

CRM

- Leads
- Customers
- Managers
- Follow-ups
- Notes
- Chat

Artists

- All Artists
- KYC Pending
- KYC Approved
- Normal Artists

- Service Artists
- Agreements
- Tech Riders

Bookings

- All
- Pending
- Confirmed
- Upcoming
- Completed
- Cancelled

Payments

- Customer Payments
- Remaining Payments
- Artist Payouts
- BookTalent Commission
- Easebuzz Transactions

Communication

- Email
- WhatsApp
- Chat
- Templates
- Notification Logs

Reports

- Artist-wise
- Manager-wise
- Customer-wise
- Booking-wise
- Payment-wise
- Commission-wise
- Payout-wise

Ek aur important improvement: "At Risk" Dashboard

Ye meri taraf se **strong recommendation** hai.

Admin ko ek separate section mile:

☐ **At-Risk Bookings**

Automatically bookings identify hon:

- Event 3 days mein hai but payment pending
- Artist payout pending
- Agreement pending
- KYC pending
- Customer payment overdue
- Manager not assigned
- Artist confirmation pending
- Customer requirement incomplete

Admin ko manually har booking check nahi karni padegi.

Ek aur improvement: Booking Timeline

Har booking mein complete activity timeline:

Lead Created

Manager Assigned

Customer Contacted

Artist Selected

Quotation Sent

Booking Confirmed

₹30,000 Received

Artist Payout Initiated

Artist Payout Successful

₹40,000 Received

₹20,000 Due

Event Completed

↓

Final ₹10,000 Received

↓

Booking Closed

Isse **Admin, Subadmin aur Manager** ko ek glance mein complete history mil jayegi.

Ek aur important improvement: Audit Log

Kisne kya change kiya, wo permanently record hona chahiye.

Example:

Admin changed Artist Commission

8% → 10%

Date/Time

Subadmin marked Artist Payout as Paid

UTR: XXXXX

Manager assigned to Booking

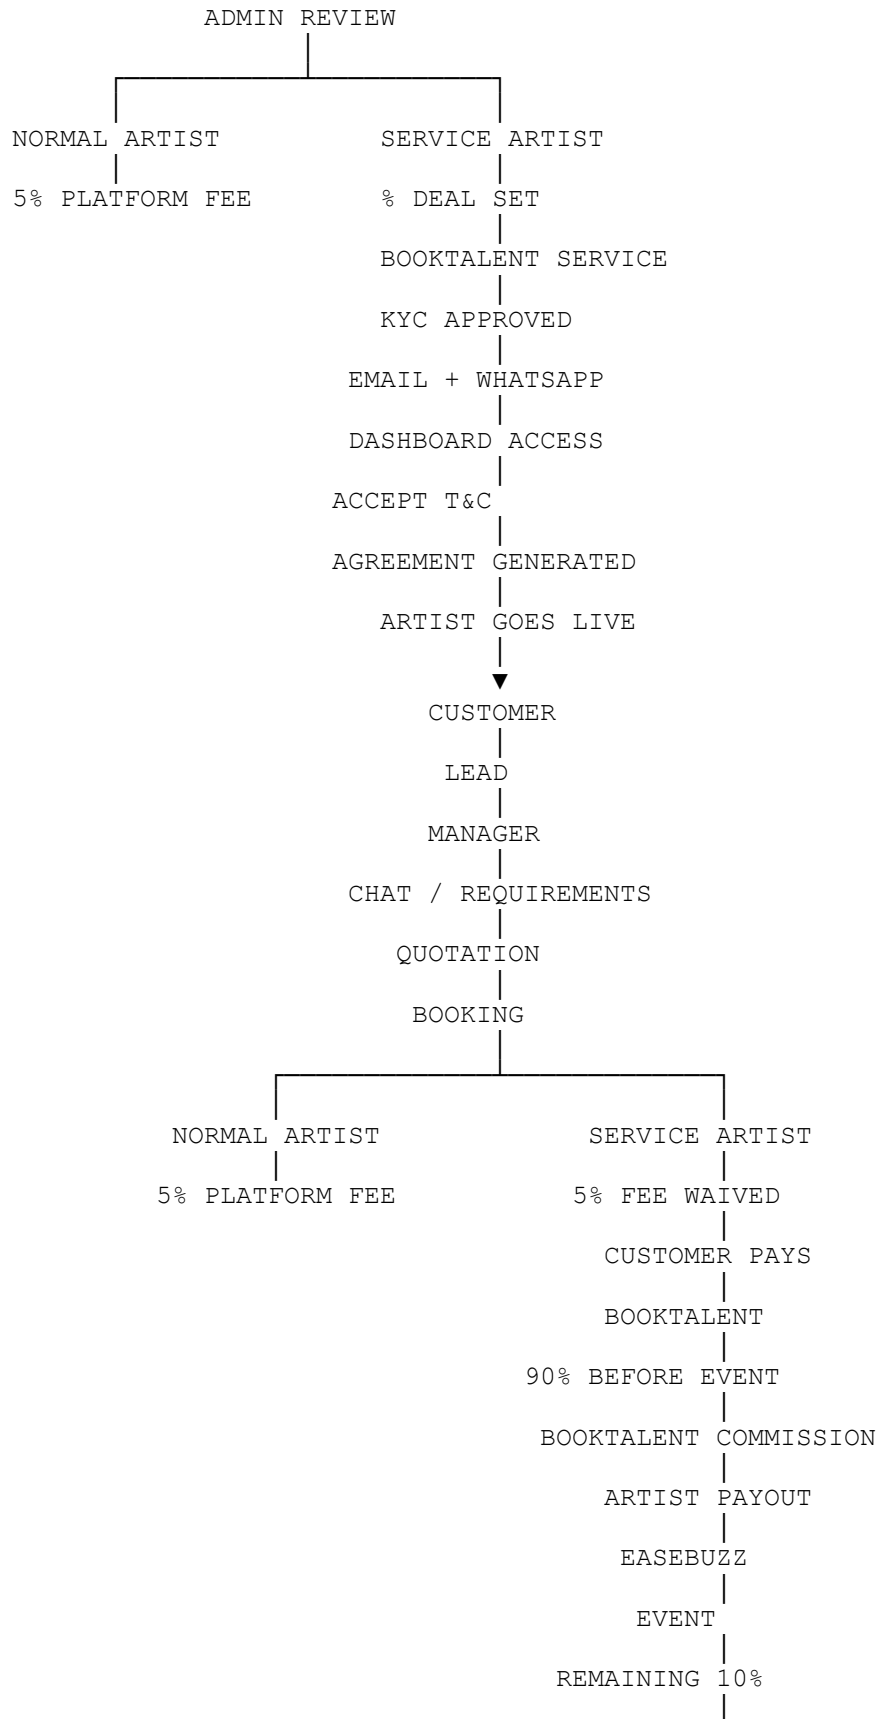

Customer payment marked received

Ye financial aur operational disputes ke liye bahut important hai.

Final End-to-End Flow

Ab pura BookTalent system essentially:

```
ARTIST
|
REGISTER
|
KYC  UPLOAD
|
```

SETTLEMENT

Requirement	Final Implementation
Profession bigger	☐ Artist profile
Extra scrolling remove	☐ Desktop + Mobile UX
Tech Rider	☐ Artist platform
Client chat	☐ BookTalent manager acts on artist's behalf
Media/Showcase order	☐ Profile page hierarchy
Event Type – Others	☐ Custom text field
Venue + Address	☐ Separate mandatory fields
Mandatory fields *	☐ Booking form
Platform Fee clarity	☐ Separate fee + waiver + total
Pending Request	☐ Artist dashboard/profile
Help/Chat	☐ Customer + Artist support
No. of Days + Function Type	☐ Booking form + booking management
